Vicera PyA-Multi cable reel roller

A universal multipurpose spinning platform for reels, damaged reels, cable bundles, flexible plastic pipes and everything you can fit on it. The PyA-Multi can be adjusted up to a diameter of 90 cm bundles or reels. Works for unwinding and rewinding so you can also make cable bundles or pipe bundles. Pulling the cable from the cable reels and bundles is effortless thanks to the special geometry of the port part. You can support the pipe and cable bundles from the inside with adjustable vertical rods.

Easy to use, compact and light to carry around.
